FURNITURE CARE & TIPS

- An application of Lemon Oil applied to the bottom of the furniture is highly recommended in a drier home environment at least once to twice a year. Immediately after each use place oily rags in a sealed water filled metal container and dispose of in accordance with local fire regulations.
- Finished furniture will be damaged by using glass cleaner on its surface. The ammonia in such products will chemically attack the lacquer.
- DO NOT use commercial waxes or polishes.
- Wipe up all spills immediately.
- Potted plants and fish tanks on table tops may cause water stains.
- Clean furniture by wiping with a soft cloth dampened with water. When necessary, use a mild soap solution and wipe clean with water. Dry with a clean, dry cloth.
- When cleaning or oiling, always rub in the direction of the woods grain.
- Wood furniture and their finishes may be affected by excessive sunlight, moisture and extreme changes in temperature. Avoid placing microwaved dishes directly on furniture.
- To avoid scratches, pads are recommended when placing objects on finished furniture.
- Do not cover your wood products with any rubber or vinyl pads. The chemicals in some of these materials may leave a stain.
- Scratches and small marks can be repaired with touch up sticks.
- It is suggested that once a year you rotate your entire kitchen set; head chairs, side chairs, and the table.
- Best to not place cardboard boxes and pizza boxes on top of our furniture at all costs.

ABOUT OUR REAL WOOD FURNITURE

Irregularities and imperfections are not considered a deficiency by the discerning customer but rather the principal attractions of a hand-made product; resulting in unsurpassed pride of ownership. Old Hippy does not alter the woods natural colour or characteristics. Knots, mineral streaks and tree growth irregularities have been deliberately included in the manufacturing process to ensure the authenticity of the finished product. Embrace the flaws in real wood furniture.

ABOUT OLD HIPPY'S FINISHED PRODUCT

OLD HIPPY offers quality stain matching and every effort is made to assure a good match. However due to aging and variations in natural wood colour, matches cannot be guaranteed 100%. The same applies when matching new Old Hippy furniture pieces to Old Hippy stain samples or your existing Old Hippy collection. Every can of stain is different and 100% stain matching is not guaranteed.
